MORNING ENRICHMENT HUB

Why Choose the Hub?

Our Morning Enrichment Hub follows British curriculum targets through a dynamic, creative approach that makes learning engaging and meaningful. In a warm, child-friendly environment, we develop social, emotional, academic, and life skills—providing both an alternative to traditional schooling and tailored homeschool support.

Running Monday to Thursday, 8:30pm to 2:00pm for learners aged 5-13, we offer flexible options that balance time at the Hub with home learning, supporting children who benefit from structure or are in educational transition.

With small groups and a team of 15 expert educators, we blend curriculum guidance with child-led exploration in a collaborative, interactive setting.

Beyond academics, children enjoy wider learning opportunities such as:

- Community engagement activities
- Field trips
- Sports day
- Parent-led participation in Duneha events like International Day
- Creating newsletters for the Hub community

Enriched Hub is a growing, community-driven project where children, parents, and educators come together to create a vibrant learning environment. Every class, activity, and event is designed to foster curiosity, build confidence, and strengthen the bonds within our supportive, engaged learning community.

TESTIMONIALS

Enriched Hub has been amazing for my child! The teachers are super kind, helpful, and really care about the kids. I have seen so much progress in just a few months, my child is happier, more confident, and his language skills have improved a lot. He has learned so much, and I can't recommend this place enough. It's a lovely place with great support, and I am so glad we found it!"

SAMIA AZAM – PARENT

★★★★★

My children's experience at this place has been excellent. We've been with them for about a year and a half now.
When we arrived in this country, my children didn't speak English, and now their level is excellent - they communicate with complete ease in English.
Additionally, the teachers are incredibly kind, and the environment is child-friendly, comfortable, and safe. I have never heard my children complain or say they don't want to go, nor have they had any bad experiences.

TAMARA MASHFEJ – PARENT

★★★★★

One of the best places in Dubai where you can truly have your kids' education taken seriously, they manage to understand the depths of a child's need and are an excellent team. I personally recommend this space for kids!!
